

# ECO SMALL BIRD BOX CP 10683

**SPECIES:** BIRD

**MATERIAL:** Recycled LDPE plastic outer with internal FSC Certified OSB nesting chamber.

**CONSTRUCTION:** Outer recycled plastic panels fitted together using integral tabbing system. Internal nesting chamber stapled together.

**LIFE EXPECTANCY:** 20 years

**DIMENSIONS (MM):** 260 X 170 X 170

**ENTRANCE (MM):** 25, 28, 32

**WEIGHT (KG):** 1.1

## **SPECIES:**

25mm is suitable for the smaller species such as the Marsh, Coal and Blue Tits

28mm will also attract the above mentioned, along with Great Tits, Crested Tits and Tree Sparrows

32mm will attract the largest range of birds including the Blue, Coal, Marsh and Great Tits, as well as House Sparrows, Nuthatches and Pied Flycatchers.

**SITING:** 3 concealed keyholes and further fixing hole at base for added stability if needed.

Fix two or four metres up on a tree or a wall. Unless there are trees or buildings which shade the box during the day, face the box between north and east, thus avoiding strong sunlight and the wettest winds. Make sure that the birds have a clear flight path to the nest without any clutter directly in front of the entrance. Tilt the box forward slightly so that any driving rain will hit the roof and bounce clear.

**MAINTENANCE:** Maintenance free
